STEMCO agrees to offer the above customer the benefits of the STEMCO Aeris Tire Inflation and Platinum Performance Plus System. This program will include a 7-year performance guaranty with unlimited mileage on trailers from the date of manufacture. The program requires that the STEMCO Aeris Tire inflation system be used in conjunction with the STEMCO PPS+ package, which includes: STEMCO Sentinel Hub Cap, ProTorq Nut, STEMCO Bearings and Guardian HP or Discover Seal. All products must be retained confirming the above-stated requirement. OEM production builds require the OE manufacture to provide STEMCO with serial numbers and build dates for vehicle registration in the program. See warranty statement regarding details and limitations of warranty coverage.
